

INVACARE®
RELIANT™ 450
LIFTS

Invacare® Reliant™ Lifts were conceived to help reduce the possibility of caregiver back injury and to ensure dignity in patient handling. These high-quality lifts are comfortable, reliable and integral tools for caregivers. Invacare Reliant lifts support up to 450 lb., making potentially challenging transfers smooth for the patient and caregiver. The high lift range allows easy access to chairs, commodes, floors and beds (with at least 4.5" under-bed clearance). The sturdy and practical design of Reliant lifts provides the solution you need for success in the quest to provide safe and effective health care.

Invacare® Reliant™ Lift Features

Height range allows lifting from floor and high surfaces

Low friction casters significantly improve rollability and contribute to caregiver safety

Removable battery pack eliminates downtime and simplifies the charging process

Manual lowering for instant response to power loss

Electronic system includes two 24-volt batteries: one for lift, one for battery-charging station; a manual emergency lowering device; and an anti-entrapment feature if boom meets any resistance while lowering

Available with power opening base option (model # RPL450-2)

Multi-grip push handle is angled to minimize wrist strain

Base legs adjust easily and lock securely into open position with the padded shifter handle or optional power option

Total pinch-point protection covers all moving parts for added safety

Padded swivel bar with 360° rotation and six-point hook-up allows use of Invacare chain-free slings as well as older style slings with chains or straps

Attractive neutral design blends well into any environment

Covered base provides protection against wear, dirt and moisture

Manufactured in an ISO13485 facility

1 Rear Locking Brakes

Locking feature on 5" rear casters is standard on all models

2 Manual Lowering

Manual emergency lowering gently and safely lowers patient in case of total power loss

Essential safety feature

Manual lowering is easy and effortless. Simply insert the end of a ball point pen into the hole marked "emergency" or lift on the accessible ring-pull

3 Invacare® Reliant™ Digital Scale

Retrofits on all Reliant 450/600 lifts
Model # 9805 requires Reliant swivel bar

Easy to operate, four-button display

Automatic shut-off feature prolongs battery life

Two-year limited warranty

4 Hand Pendant

Ergonomic control with heavy-duty cord

Convenient pendant hook allows attachment and storage on multiple areas of lift

5 Electronics

Removable battery box conveniently located on mast features an emergency off button and beeps when battery needs recharged. Requires one 24-volt battery

Quick-release battery eliminates downtime

Anti-entrapment feature stops motion if boom meets resistance while lowering

6 Charging Station

Battery can be replaced immediately with second battery in wall-mounted charger

UL listed and CSA certified

Model #	Description
1075222	Reliant touch-up paint
